EDUCATION

Master Program in Management, Communication and IT - Uppsala University — 2016 - 2018
Includes courses in organizational communication, management, human-computer interaction and information systems.

Exchange Program - Chulalongkorn University, Bangkok — 2014 - 2015
Was accepted to the faculty International School of Engineering, where I had courses in User interface design and Computer technologies and IT-systems for businesses.

Bachelor of Computer Information Systems - Uppsala University — 2012 - 2016
With a major in information systems and minor in database technologies. The program offers courses such as software engineering, IT-development and database technologies.

Natural Science Program - Franska Skolan - École Française, Stockholm — 2009 - 2012
Upper Secondary School graduation with extra courses in mathematics and data.

EXPERIENCES AND POSITIONS

Mentor, Almi Företagspartner, Uppsala, — 2017 -
Working with a company specialized in ecological and environmental consulting to digitize their services and expand internationally.

The Education Committee, Association for Information System students in Uppsala, — 2013 - 2014
Developed and took part in a mentorship program for new students studying information systems. The project was well received by both the Study Director, Program director and participating students.

Student Council - Franska Skolan- École Française, Stockholm — 2010 - 2012
Was selected to be part of the Student Council, where we organized events for the students and negotiated with the school's Board of Education on behalf of the students.

Internship - École Maternelle, Paris — 2011
Improved my ability to cooperate through barriers of language, by working at a French kindergarten.
